

Dear colleagues:

We are pleased to announce the celebration of the XVIII Workshop on Economic Integration, organized by the INTECO joint research unit in Economic Integration to be held at the University of Valencia the next 25th and 26th of November 2021. In this edition, our invited key speaker will be **Gian María Milesi-Ferretti** (Brookings Institution-Former Deputy Director Research Department IMF). We will also have a round-table on “post-Covid recovery and structural reforms” with the participation of **Juan Francisco Jimeno** (Banco de España) and **Oriol Carreras** (Caixabank Research).

The COVID-19 pandemic does not allow to have large in-person events yet. Thus, the **XVIII Inteco Workshop** on Economic Integration **will take place on a hybrid format through both online and onsite participation**. You will received further details in due time.

Analogously to previous years, the workshop will consist of the presentation of working papers in the field of economic integration, both real (international trade) and financial (international finance). Participants will have 20 minutes to present their works and then each paper will be briefly commented by a discussant and open for general discussion to the floor. Onsite presenters/discussants of accepted papers will be covered one hotel night plus social meals.

In case you are interested in participating in the workshop, either presenting or discussing papers, please let us know by email: [inteco@uji.es](mailto:inteco@uji.es) before the **30th October**.

#### IMPORTANT DATES:

- a) **30th of October 2021**: expression of interest and submission of papers.
- b) **11th of November 2021**: publication of the program
- b) **25th and 26th of November 2021**: workshop

All the information will be available at INTECO web page (<http://www.inteco.uji.es>).

Best regards,

The organizing committee (Mariam Camarero, Francisco Requena, Cecilio Tamarit)
